

BECOME A VOLUNTEER FIREFIGHTER OR EMT TODAY!

Serve your community. Protect your family, friends, and neighbors. Make a difference.

The Hawley Volunteer Fire Department is Hawley's primary public safety agency, handling everything from fires, to car accidents, to medical emergencies. As a call-volunteer Department, members are only required to respond to incidents they are available for. You can keep your normal work and family schedule, while also making a difference for your community. Members are paid hourly for calls they respond to.

Meetings are every Wednesday night at 7PM at the East Hawley Fire Station, 16 Plainfield Road, Hawley. Those interested in joining should drop by for one of these meetings. Members will be required to take certain training and pass a background check.
